## **WAITING LIST AND SIBLING POLICIES**

Richmond Hockey Club has a Waiting List Policy as follows: Places at RHC will be given to players on a first come, first served basis with occasional exceptions to this rule at the discretion of the Junior Committee in exceptional circumstances. The latter might cover a situation where a particularly strong player approaches the Club and it is felt to be in the long term interests of the strength of the Club for that player to be offered a place. Wherever possible, these players will be accommodated without compromising those already on the wait list, by increasing capacity.

Richmond Hockey Club has a Sibling Policy, whereby once one sibling within a family has a place in a group, any siblings on waiting lists in other groups jumps to the top of the relevant waiting list.
